## ABOUT US

We maintain our activities with the power of the breakthrough and the innovations orienting the pastry sector since the first day of the foundation of our company under the name of Fumer in 1988. We are proud of conveying the taste and quality of FO which is a Turkish brand in more than 67 countries.

We produce newly developed products in the pastry sector after many researches and tests in our three laboratories equipped with the latest technology and with our team who are experts in their fields.

We orient the sector with our 5 brands CORE, FO, LIMPO, REPO, FUMER.

We supply our products to the A Class pastries, 5 Stars hotels as well as our consumers through a huge network of the wholesalers.

In both pastry and beverage sector, we have market share of 5-80%, and we supply the market through the distribution channels of more than 300 wholesalers with more than 800 products.

We progress with the certain steps on the way of being a world brand by means of our more than 800 products and representatives in more than 67 countries.

We realize a Pioneer mission with the seminars organized in many countries all over the world for introducing how to get the best use of our products and how our products help customers for obtaining time, production and total cost savings

Looking forward to meeting you again with new successes...

## OUR MISSION

To produce the firsts both in the Turkish and in the International pastry and beverage market in the food sector. To add values to the Turkish economy by penetrating new international markets and to compete strongly by means of our high quality and reasonable prices.

To pay very high attention to the research and development activities.

To create valuable products in the sector by being loyal to the ethical values and developing new concepts for each product without imitating the brands of the other countries.

## OUR VISION

To make contributions to the Turkish economy with the best price and the best service concept and to make the FO brand a world brand.

All the products of FO brand and its total quality concept are presented under the warranty of ISO 9001 – ISO 22000 documents. Fo has got the accreditations of England and Germany from BV and accreditation of Holland from TSE and also it is the second company which has got the HACCP certificate in Turkey and the DANAK certificate at the international level.

Among the local brands applying for patent registration, Fo has become the 1st in the food sector and 11th in all the sectors in 2007.

We have the industrial design documents of Turkish Patent Institute on the packages used on our products. Each product produced by FO is presented to the consumers with the permission of Agriculture and Rural Affairs Ministry.

Ozmer Company will continue developing new products and projects on behalf of improvement of the sector with its institutional management concept and its activities focused on Total Quality and Customer Satisfaction.
